

Lane Jan Image the slip film / polyester or EPIC
+ 3M. yellow image proof by VAG. 523. 623 nm
lane. 623 do not have any effect
VAG + 523 nm burn higher than slip + Rubber

Ask Terry Juley redo on yellow film to
see the laser can remove the UV blocky
layer 1" square. The 1" VAG etch the transmission
0.1 mw/cm. yellow film itself has 0.15 mw/cm
write away the yellow only has 16 mw/cm
but Lane etched part only has 9 mw/cm it
was less transparent

Blender 28883 for PET Lot # BB 8341
in pellet form

Blender 28883 in ket pellet
Lot 8319 (CC) pellet form (slightly brown)
8332 (Castor power of sand size form
now split form

Twilman did not have any retain of Lot BB 8341
he asked sample
